The Nuveen Global Green Bond Fund invests primarily in labelled green bonds and other investment grade, fixed income securities that Nuveen expects will have positive impact on the environment. Investments are directed to projects and initiatives that accelerate the transition to renewable energy sources and reduce greenhouse gas emissions, and companies involved in sustainable building projects.

Features

- Global in nature
- Flexibility to invest up to 10% in non-investment grade securities
- Monthly distributions available in cash

Benefits

- Total return-seeking bond allocation aligned with environmental themes
- Actively managed by a leader in fixed income impact investing
- Verified impact investing discipline and annual reporting*

**Nuveen's alignment with IFC Operating Principles for Impact Management is verified by BlueMark, an independent impact verification company, and portfolio environmental outcomes are reported annually.*

Securities mentioned herein are not to be construed as a recommendation to buy or sell.

- ¹ Management expense ratio ("MER") as published in the Interim Management Report of Fund Performance as at June 30, 2023. MER is based on unaudited actual expenses for the period January 1 to June 30, 2023 and expressed on an annualized basis, unless specified otherwise.
- ² Management fee rebates ("MFRs"), also referred to as management fee distributions, are available to eligible investors whose Fund Account balance exceeds the prescribed threshold. Fund holdings used to determine Fund Account balance and eligibility for MFRs may vary by Fund. MFR is an estimate based on the June 30, 2023 annualized MER. Actual MFR may differ to achieve Total Cost as stated. MER minus MFR equals Total Cost. Management fee distributions are paid by the applicable series of the Fund and are inclusive of either GST, GST and QST, or HST.
- ³ The Manager has waived a portion of the management fee and may cease to waive such fee at any time without notice to securityholders.
- ⁴ Adjusted MER is provided for Funds with management fee reductions in calendar year 2023 and represent our best estimates of the actual MER for 2023. Adjusted MER may differ from MER published in the Interim Management Report of Fund Performance as at June 30, 2023.
